

BRAINSTORMS

With Ferrin Cox

Police Chief Jack Smart and I were discussing something or another several days ago (voiced problems) and he suggested I expound on the subject in the "Brainstorm" column. His pet name for Brainstorms. Immediately he received a personal plea to be a little more respectful, but the only response received was...huh? Well, right there I gave up on my request for him to be more respectful. Why he didn't even say ah! Your turn now, Jack.

The Elba Tiger football team really showed spunk last Friday night. This was the third game they have won, but it's actually the first time I thought they "put it all together". Elba can be proud of Coach Paul Bass, his staff and the young men who make up the team.

I spent last Thursday in Dothan at a joint meeting of the Alabama Press Association, Alabama Broadcasters Association and the Alabama Hospital Association. The purpose of the meeting was to bring about a better understanding of the problems of the hospitals and the news media. For those attending I am sure it helped. Administrator Lowell Benton of the Elba General Hospital was scheduled to go with me but got hung up in court. Ronnie Vaughan attended, representing the local hospital. While neither of us felt there were any problems between us, we heard about those others had had and maybe this will prevent problems in Elba between the hospital and this newspaper (as well as other news media) especially when the hospital is involved with something newsworthy in places other than locally.

The Dothan meeting got off to a fine start as far as I am concerned. Mr. L. R. Jordan, President of the Alabama Hospital Association, welcomed the group and got my attention for the day when he stated that he advised complete honesty with the news media, saying, "Talk honestly and I have found that most news men will not report things in a way that is harmful to the public." I fully believe this and find when comparing various situations that it works for the benefit of all concerned.

I smoked a pipe...then quit for a while only to start again. I know it is bad for my health, but do it anyway. The Alabama TB Association had done some research on the use of tobacco and has come up with the following gems:

The American Indians wrecked by the white man are having the last laugh in the great beyond.

Tobacco is the Indian revenge. Before Columbus, tobacco was unknown to the white man. But explorers soon saw that Indians smoked the leaf in a Y-shaped pipe called a tobacco. Each end of the double-forked pipe was inserted into the nostril. In some places, though, Indians smoked tobacco leaves rolled with husks of corn. The white man sampled the stuff, liked it, and thereby put a curse on coming generations.

The Indians smoked for ceremonial purposes and as a symbol of goodwill. They also believed that tobacco had medicinal values. It was, in fact, primarily for this reason that explorers carried the weed back to Europe. The brainwash took so well that by the end of the seventeenth century, a London doctor wrote a whole book on "The Wonderful Virtues of Tobacco." The overzealous physician recommended a drop of tobacco juice in each ear to cure deafness, a green tobacco leaf flat on the head to cure headache, and a tobacco leaf tied to a tooth to cure toothache. For a cough, he advised boiling tobacco leaves, shaking the syrup, and putting the mixture on the stomach for aches and pains.

Doctors have learned a lot more about the effects of tobacco over the last three centuries. Now they know that smoking is a leading cause of emphysema, chronic bronchitis, lung cancer, coronary heart disease, and other diseases. But in the intervening centuries, smoking has spread around the world. And there are still 45 million Americans who smoke cigarettes.

LETTER TO THE EDITOR

September 18, 1973

Dear Citizens of Elba,

As you read this, many of you will think of it as being prejudice toward my father's side, but to my belief I am simply speaking the truth. To me, the truth is not prejudice. Recently, Elba has experienced a great change in its governmental system. This letter is not justifying either side of this issue but merely stating my sincere feelings. For about fourteen years now, my father, Donald Stewart, worked first as a lineman, then as foreman, and finally as superintendent to make Elba a better place for its citizens to live. Many times during these years I have heard him speak of what he would love to see done for the city if it weren't for such limited funds. I have heard him leave at 12:00 midnight and not return until something like 5:00 a.m. (and a lot of these nights were cold, rainy, or both). I can't remember a time when visiting our grandparents that he didn't mention something about getting home in case of trouble. Of course, during emergencies there was more. The snow storm had the entire crew out in the cold for approximately forty-eight hours straight. There's no way of knowing the number of social functions we've been late for, or even missed, because of his job. I could never understand why he

was so dedicated, but I did know that he enjoyed it very much. All of this he did for you just to keep your lights and water on. If they were out for a few minutes, you could be sure, someone would have to call.

Yet, after all this dedication, what does he get now? Admittedly, not all people have criticized him, but there are many that are confused about the situation. I'm upset only because so many people have forgotten all the effort and time he used so quickly. What he really wanted was to make Elba a better town. To justify anything, I can not do but I can say that if he and the others involved are guilty, then so are many others. Many favors were asked and usually done, those which are now being used to prosecute the victims. Politics is what it is and it is very unlikely that politics with total honesty will ever be a reality. Yes, the truth is a shock, but it's always been there waiting to be uncovered. I can't really do anything but ask that these men be given a fair chance. They've helped Elba tremendously and you should be proud of Elba for it. Each improvement helps its citizens in some way. Don't belittle a few for what has gone on for a much longer time, for something that can't be blamed on any one person, or for doing what is asked of them. Please consider what I have said and the feelings of these men.

Thank you,
S/Dan Stewart Jones

What Do You Think?

The Coffee County Commission has been discussing for a couple of weeks the possibility of locating the new county maintenance shop on ten acres of land owned by the county within the city limits of Elba. On Monday of this week the commissioners all indicated they were ready to "get the ball rolling and get the shop started". When the time to vote came, the commissioners from Districts one, two and three voted to use the Elba location. The three commissioners from District four voted against the proposal. Probate Judge James Sawyer broke the tie, voting against the motion. A motion was then made to locate the facility in New Brocton and the vote for this was the three commissioners from District four. Opposing the motion was the commissioners from District one, two and three. Again the Probate Judge broke the tie and voted for the proposal. The facility will be built in New Brocton in spite of a host of people appearing before the group and pointing out the advantages of placing it on property owned in Elba by the County.

Following the vote, those opposing locating in Elba made statements to the effect they were voting for ALL OF COFFEE COUNTY and not against Elba. This newspaper has also heard talk from Dothan that Judge Sawyer has asked to be appointed to the board of the Southeast Alabama Regional Planning & Development Commission as Elba's representative even though he lives in Enterprise. There is a vacancy on the board at present. The County Commission makes this appointment. WHAT DO YOU THINK?

ELLIS PUTS ONE IN THE AIR

The Clio Yellow Jackets handed the Zion Chapel Rebels their second defeat of the year Friday night at Zion Chapel. Zion Chapel took the opening kick-off and returned it to the Rebel offense and the defense played a very fine game as the statistics indicated a better offensive showing for the Rebels. Zion's record is now 2-2, as there hasn't been over 14 points scored on the Rebels in any one game. The Rebels travel to Skippersville this week to take on the Long High Rebels. The kick-off will be at 7:30.

Go With The Wind!

Energy hunters are on the prowl for new ways and means to help solve the energy crisis.

Scientist Frank Rom of the National Aeronautics and Space Administration says that wind carries enough energy to provide half the country's electrical power.

So, he is examining the possibility of building 100,000 windmills to make use of that energy.

Rom, a member of NASA's Lewis Research Center in Cleveland, O., said a typical power plant can produce 1,000 megawatts and about 100 windmills would be needed to provide this much power.

He said that NASA is designing wind generators that are efficient and operate at low cost. Some will be constructed on a trial basis.

Elba Gets Big Win Over W.S. Neal 28-12

For the first time this season Tiger fans saw what they had been looking for in the first three games—defense and offense.

The Tiger offense was all but invincible as the Tigers stormed over the W.S. Neal Eagles 28-12, with the defensive unit playing an outstanding game in holding the Eagles to 85 yards rushing.

The name of the game is control and that's just what the Tigers did, keeping the ball most of the night, running 53 plays to W.S. Neal's 24.

Bill Mickie was again the leading rusher with 121 yards. Quarterback Charles Ellis rushed 14 times for 71 yards and Demp Holley rushed for 21 yards. The leading rusher for the Eagles was Danny Benjamin with 44 yards.

Elba's Lamar Sasser took the opening kick-off and returned it to his own 29. On first down the Tigers threw a pass at scrimmage to Randy (Nate) Mularz who pitched out to Sasser, who went for 15 yards. Two more plays went no where so Ellis went to the air.

Ellis' pass found its way to an Eagle defender at mid-field and was promptly returned to Elba's 11 yard line. The Eagles wasted no time in scoring and three plays later six points on the scoreboard. The PAT failed and with 9:14 left in the 1st quarter, it looked like a long night for the Tigers.

The Tigers were not to be outdone, however as Jeff Bimble took the kick-off and returned it to the Elba 34. Except for a 13 yard pass, the Tigers pushed out 66 yards in 12 plays and five minutes to show the Eagles they could score too. Charles Ellis took the ball the final 5 yards and Jeff Wise added the PAT to put Elba ahead 7-6.

The Eagles returned the kick-off to the Elba 43, but the Tiger defense stunned the W.S. Neal offensive unit, which could muster only six plays before fumbling on the Tiger 19, where Bill Mickie recovered the loose ball.

Elba couldn't move the ball and had to punt. After six turnovers and 29 plays, the Eagles managed to capitalize on a bobbled snap by Elba's punter, Demp Holley. The Eagles scored

in three plays from 26 yards out with Danny Benjamin going the final 12 yards. The PAT failed again. It was now W.S. Neal 12-7.

With 1:54 left in the 2nd quarter, it looked as though Elba would win by 12-7 at half.

The kick-off, however, set the Tigers on fire as Lamar Sasser returned the ball from his own 20 to the Eagle 46. On first down Mickie went for two. On 2nd down Freddy Hanchey snagged a high pass for 12 yards and a first down.

Three more passes found Elba at the Eagle 34 facing a 4th and 10 with 57 seconds left before half. On fourth down Ellis dropped back and uncoiled a 34 yard TD pass to Lamar Sasser in the corner of the end zone to give Elba the go-ahead touchdown. Jeff Wise added the PAT to give the Tigers a 14-12 lead at half.

Following the 2nd half kick-off, the Eagles could move the ball only six yards in three plays and were forced to punt. The punt was downed on the Tiger 19 where Elba began its 3rd scoring drive. With the aid of only one pass, the Tigers marched 71 yards in 12 plays with Mickie taking the ball the final 13 yards to go out front 21-12. Wise added the PAT.

The Eagles returned the kick-off to their own 40 and ran only two plays before Jeff Bimble was intercepted at the Elba 26.

Elba could do no better than the Eagles as Holley fumbled at the Elba 45 after only three plays.

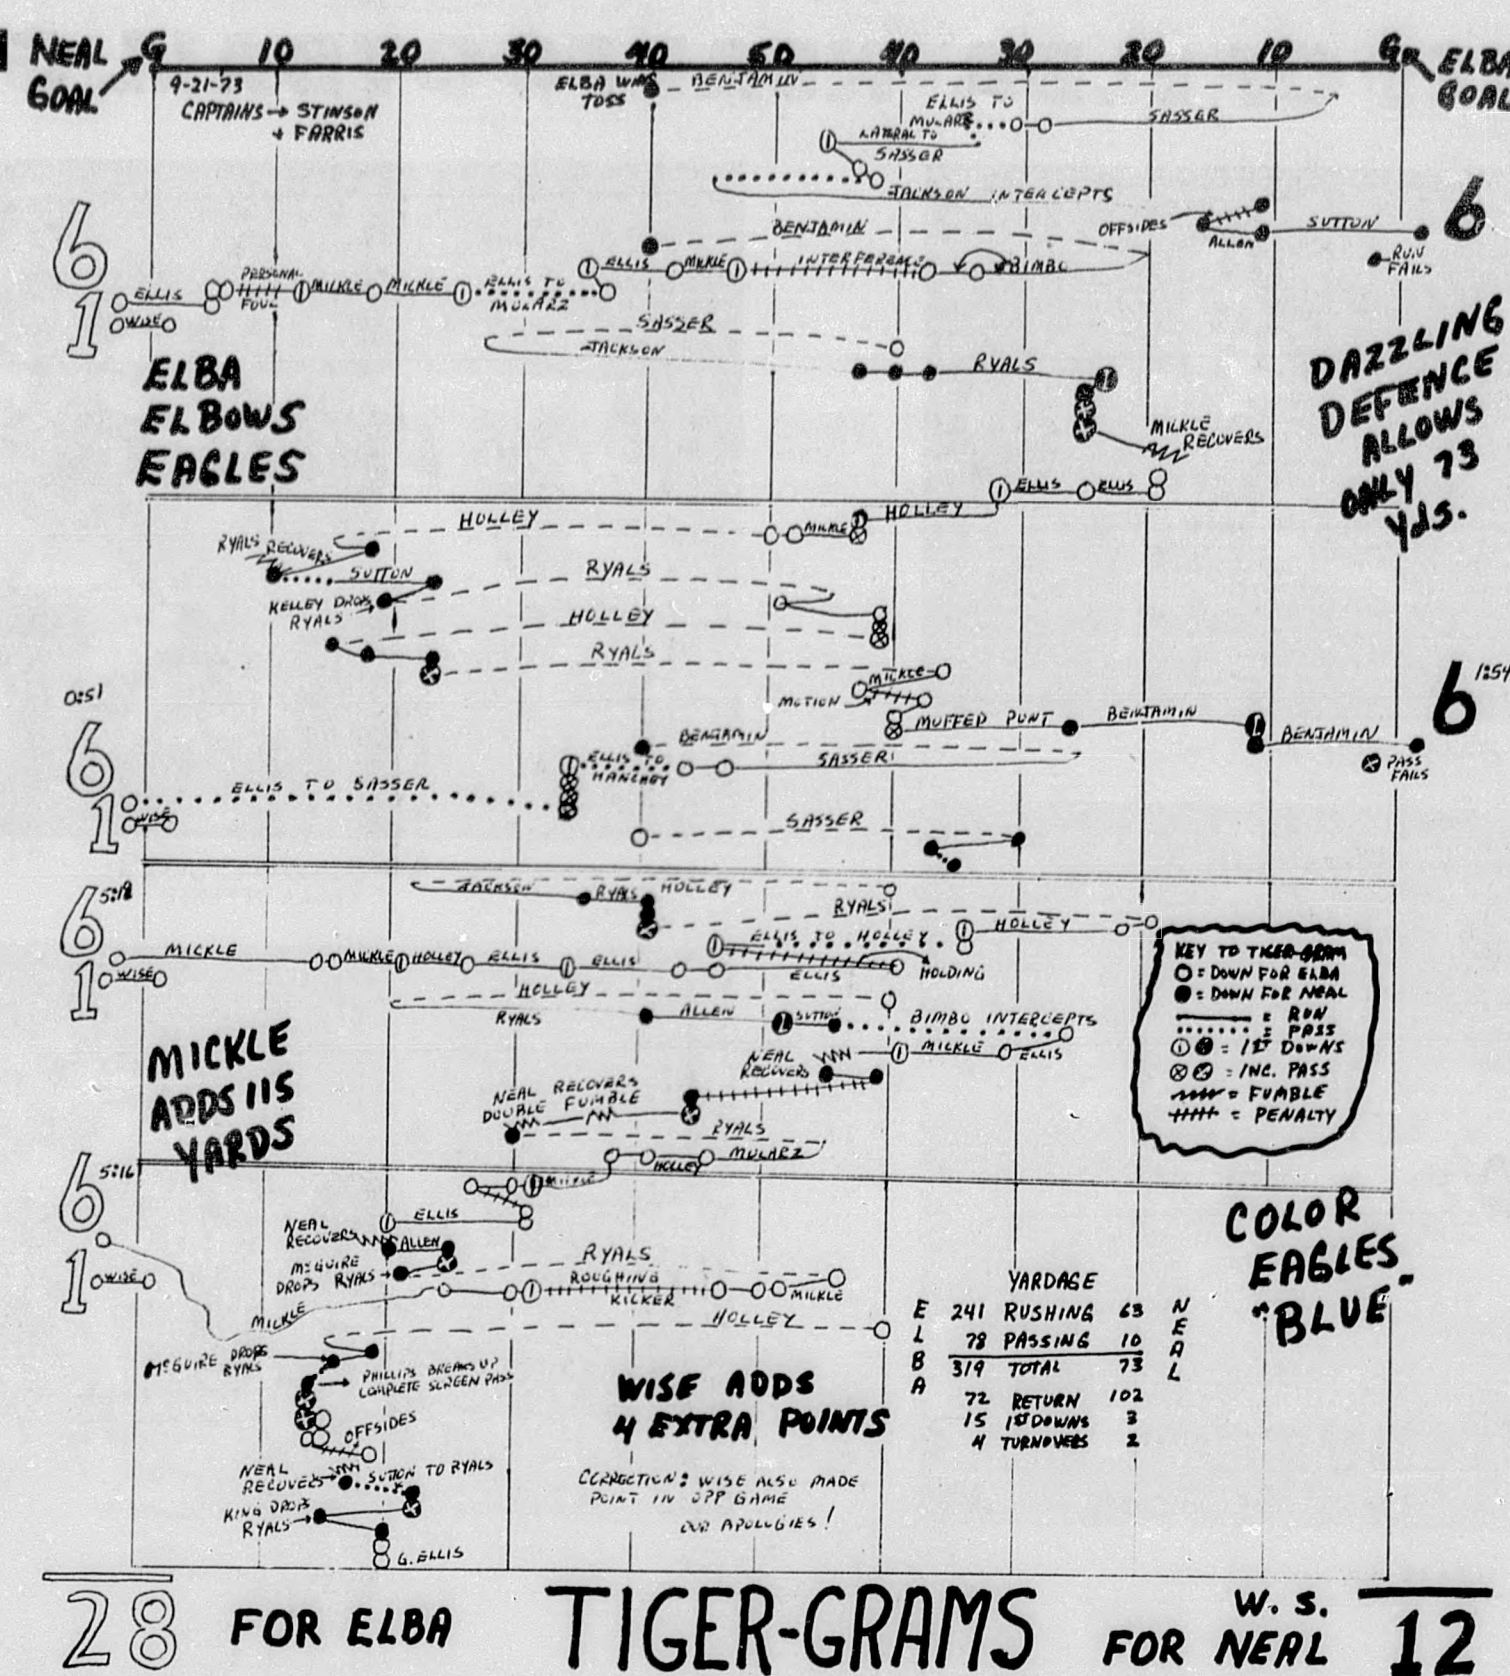

Again the Elba defense came onto the field and shoved the Eagles back and back until it was finally 4th and 43. The Eagles punted to the Elba 45 where Elba took over.

After moving the ball well for 35 yards, Bill Mickie fumbled on the Eagle 20 where the Eagles recovered.

The Eagles couldn't do anything with the ball and had to punt to the Tigers again. Aided by a "roughing the kicker" penalty, Elba scored in six plays for the final 28-12.

Afterwards, neither team moved the ball significantly as Elba went into a prevent defense.

The final score was once again—ELBA 28—W.S. NEAL 12.

THE ELBA CLIPPER SEPTEMBER 27, 1973

Airlines Pilgrimage Available

Nine-day Vacation Pilgrimages that include the possibility of spending Christmas or Easter in Rome, are being offered by the Catholic Travel Office and National Airlines. The Pilgrimages also include a three-day visit in London. A Pilgrimage is a vacation with depth, combining spiritual inspiration with the enjoyment which comes from visiting different places and new people.

Five departure dates are featured for the Nine-Day Vacation Pilgrimages to Rome, namely: December 20 (Christmas in Rome), January 17, 1974; February 14, March 14, and April 10 (Easter in Rome). A priest spiritual director will accompany each pilgrimage. Departure is by National Airlines from Miami.

All-inclusive rate for the Nine-Day Vacation Pilgrimage is \$499.00. Additional information may be obtained by writing to: Catholic Travel Office, O.F.C. Building, 1730 Rhode Island Ave., N.W. Washington, D.C. 20006, or contacting your local Travel Agent or National Airlines.

Council To Get Rid Of Old Autos

The Region 7 Environmental Quality Council set out land use as its number one concern and adopted a plan to rid the seven-county area of abandoned automobiles when it met recently.

John Powell, co-chairman of the regional council, said the council members would enlist the cooperation of other citizens in the area in contacting the owners of the abandoned automobiles to ask them to sign release forms so the cars could be hauled away and disposed of.

Bill Cathell, director of the Southeast Alabama Regional Planning and Development Commission, said his agency has maps showing locations of 18,494 abandoned cars in Barbour, Houston, Henry, Dale, Covington, Coffee and Geneva counties which he was willing to make available to the council.

Wise Mill To Celebrate Homecoming

Wise Mill Assembly of God Church will hold the annual Homecoming Day, Sunday October 7. All former pastors, members and friends are invited to attend.

Rev. Lamar LeCompt will be the guest speaker. The Mission Quartet from Enterprise will be the featured singers throughout the day.

Services begin at 10:30 a.m. and dinner will be served at the church.

Dallas Bryant is pastor of Wise Mill Church on Rt. 1, Randolph, Alabama.

Elba Churches To Hold Fifth Sunday Night Services

The Elba United Methodist Church and the First Baptist Church will have their joint service next Sunday night at 7:00 p.m. at the Elba United Methodist Church.

The Rev. Robert K. Davis will bring the message. Special music will be brought by the choir under the direction of Steve Angle.

Visitors are welcome.

ARTIST ATTENDS MACARTHUR TECH.

Robert C. Brawner, Jr., a student in the Industrial Electricity Technology Department at MacArthur Tech, is an accomplished artist. He is shown with several of his paintings as they were on display at the school.

Persons who are familiar with the Point A area will recognize the middle painting as a scene on Point A.

Mr. Brawner has been painting for several years. He is presently teaching an art class

on the MacArthur Tech campus. Persons who are interested in the class may contact Mr. Robert Brantley at MacArthur State Technical College for information.

Members are: Troy Matthews, Tony Lovorn, Ricky Lovorn, Brent Rachel, Paul Cox, Greg Kidd and David Bradley.

Some of the projects completed by Den 3 include bird houses, the American flag, various insect and leaf collections, conservation study, proper knife and rope usage, and a letter opener which they whittled themselves. These will be displayed at the Pack Meeting this month.

The theme for the Pack this month is "Indians", and Den 3 is really working on their "Pow-wow".

The Pack Meeting will be held Saturday September 29 at the Elementary School Cafeteria from 5:00 to 7:00 p.m. Den 3 welcomes boys to "Come join the pack!"

Scout Den 3 Meets Recently

Cub Scout Den 3, Pack 47 met for its weekly meeting on Thursday, September 20, at the home of Mrs. Patsy Matthews.

Members are: Troy Matthews, Tony Lovorn, Ricky Lovorn, Brent Rachel, Paul Cox, Greg Kidd and David Bradley.

Some of the projects completed by Den 3 include bird houses, the American flag, various insect and leaf collections, conservation study, proper knife and rope usage, and a letter opener which they whittled themselves. These will be displayed at the Pack Meeting this month.

The theme for the Pack this month is "Indians", and Den 3 is really working on their "Pow-wow".

COFFEE

Tom Casaday, County Extension Chairman

CATTLE PERFORMANCE

Cattle producers try to get each brood cow to wean a calf every year. A lot of cows are weaning a calf every 15 to 16 months, and this can be unprofitable, even at today's prices.

Dr. J. M. Wilbanks of Iowa State University believes in breeding heifers to calve at two years of age. But this depends a lot on weight.

According to Wilbanks, Hereford heifers should weigh 700 to 750 pounds when bred. Angus heifers should weigh at least 650 pounds, and crosses should also weigh about the same.

Members are: Troy Matthews, Tony Lovorn, Ricky Lovorn, Brent Rachel, Paul Cox, Greg Kidd and David Bradley.

Some of the projects completed by Den 3 include bird houses, the American flag, various insect and leaf collections, conservation study, proper knife and rope usage, and a letter opener which they whittled themselves. These will be displayed at the Pack Meeting this month.

Cattlemen Should Keep Check

Alabama livestock producers are urged to keep a close watch over their animals by Commissioner of Agriculture and Industries M. D. (Pete Gilmer).

With beef and pork prices at record highs, the number of stolen livestock has increased greatly during the past year, according to Gilmer.

Higher numbers plus higher prices have meant more than a million dollars loss annually to Alabama producers. This is more than twice the previous annual losses.

Commissioner Gilmer suggested that cattlemen check their pastures at least once a day—preferably more—and to stagger the hours of their daily checks.

Cattlemen were also advised by Gilmer to brand their livestock. He said branded cattle can be traced and identified and are not stolen nearly as often as unbranded cattle.

Producers who do brand their livestock are required to register the brands with the Stockyards and Brands Division of the Department of Agriculture and Industries.

The ABE teachers will be Estelle Helms, Mabel Purvis, Grimes, Louise Marler, Adelle Edwards, Onita Archie, Gena Bess, and one additional teacher. The program supervisor or coordinator is Thomas S. Carpenter.

Dove Hunting Regulations Revised

The U. S. Fish and Wildlife Service has revised its regulations relating to the hunting of doves and other migratory birds, except waterfowl.

The new regulations are intended to reduce the confusion concerning dove hunting that has existed in recent years.

Charles D. Kelley, Director of the Game and Fish Division in the Department of Conservation and Natural Resources, said Friday.

Kelley said the revised regulations would permit the shooting of doves where grain has been grown in a field and no grain has been scattered in the field.

Kelley said, "It will be perfectly legal to shoot doves over grain fields that have been 'bush hogged' or otherwise cut to the ground and as long as the grain is not gathered and redistributed."

Kelley pointed out that change WILL NOT allow for the shooting of doves over fields where foreign grain has been spread unless this grain was spread as the residue of a bona fide agricultural practice or procedure.

Coffee To Have Adult Basic Ed Program

The Coffee County School System will participate in the Alabama Adult Basic Education program during the 1973-74 school year.

The Adult Basic Education Program has previously enabled several adults to complete work for their GED (high school equivalency diploma) and many more improve their education, thus enabling them to find employment or better paying jobs, promotions or increases in salary. Other adults have learned to read, write and cipher.

The program is funded for the benefit of people over 16 years of age, who want to improve their basic education or phase of their education.

Student Council Report

The Elba High School Student Council met on Wednesday, September 12th, in Mr. King's room. The meeting was called to order by the president, Jack Brunson. At this meeting were the officers and newly elected representatives for 1973-74. These representatives are: 11th and 12th Grades: Charles Ellis, D'Andrea Daniels, Vicki Crook, Eddie Kelley, 9th and 10th Grades: Jo Ruth Kendrick, Susie Powell, Debra Hammonds, Susan Holderfield, 7th and 8th Grades: Claud Collier, Johnny Dyess, Ken Martin, Terrance Ellison.

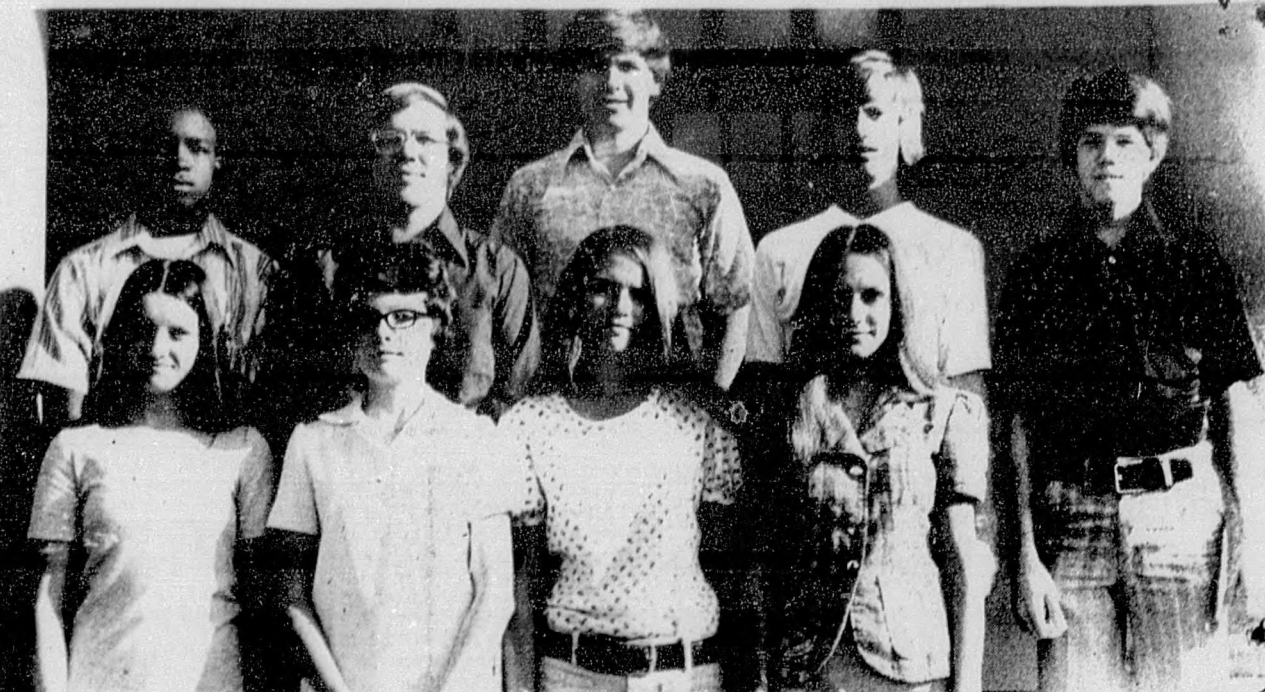

Each representative represents two grade levels and will serve until May 1974. The main topic of discussion was to make this homecoming one that will not only involve the students, faculty, and administration of the Elba City Schools, but also the County, City of Elba, and all citizens. The homecoming game will begin at 7:30 p.m. with the Elba Tigers against the Trojans of Troy, Alabama. The "Blue Machine" (Marching Band) will perform during halftime along with the "MARCHING TIGERS" of Elba and the drill team of the Elba JROTC Department. Other topics of discussion were involvement in community projects, and morning devotionals which are sponsored by the student council. The meeting was adjourned by president, Jack E. Brunson.

BFS, Reporter

VICA MEETS

On Wednesday, September 12, 1973 the VICA Club held its monthly meeting. The meeting was called to order by Charles Pierce, sponsor of the club. Mr. Pearce encouraged all students attending the meeting to join VICA. This club is open to those students participating in the T41 Education Program. Elections were then held for officers of the VICA Club for 1973-74. The following students were elected to office: Mark Jacobs—President, Jeff Bimbo—Vice-President, Randy Mularz—Reporter, Karen Jordan—Parliamentarian, Sandra Daniels—Treasurer, Diane Pope—Secretary. A brief discussion was held concerning the movie the VICA Club sponsors annually. The students were asked to bring along an appropriate movie to be shown to the school later in the year. The meeting was then adjourned.

Seated (l to r): Becky Smart, Karen Jordan, Sandra Daniels, Diane Pope. Standing (l to r): Sponsor, Charles L. Pearce, Randy Mularz, Jeff Bimbo, and Mark Jacobs.

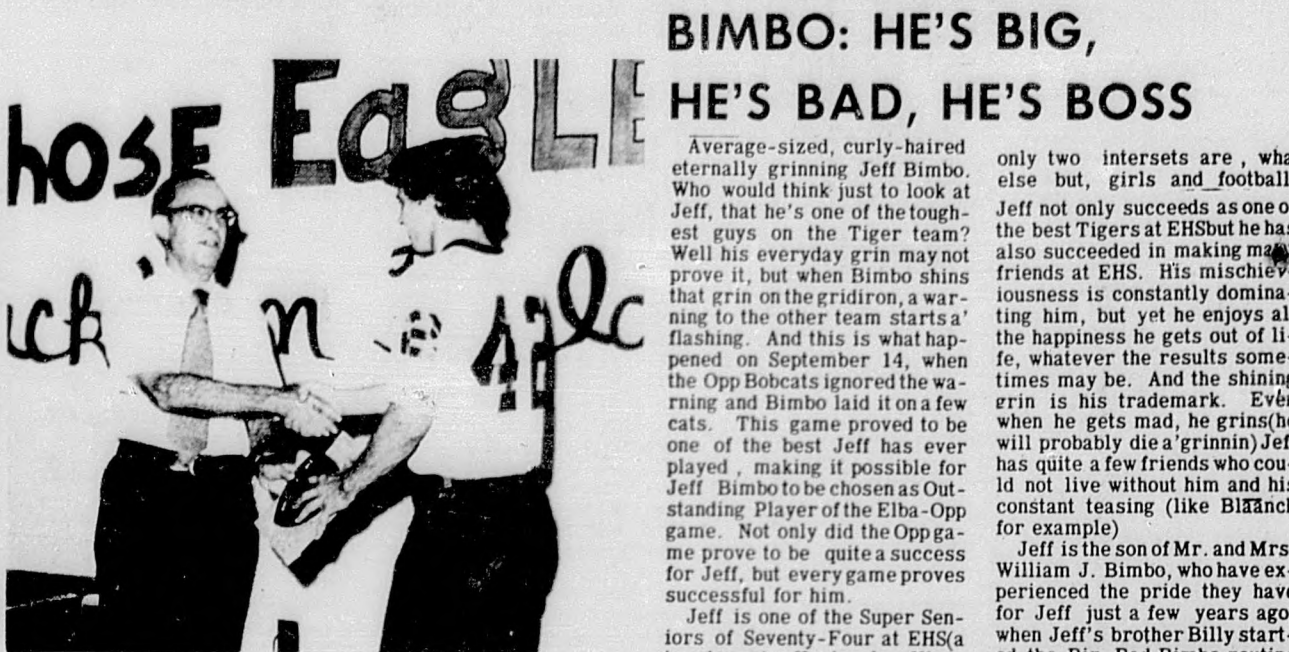

French Club Holds Meeting

French Club Holds Meeting. The EHS French Club held its first meeting of the year on Wednesday morning, September 12. The following students are serving as officers for the 1973-1974 school year.

President: Vann Vaughan
Vice-President: Regina Towles
Corresponding Secretary: Ralph Lawrence

A Report Card is a Thermometer

"What did I make on that test?" "What did you make on math this 6 weeks?" These are familiar questions to each of us, but often students and parents put too much emphasis on a grade or report card. A report card is like a thermometer measures the condition of a person's learning or mind. You don't keep your body in good shape just to have a good reading on a thermometer, nor should you study just to make good grades on a report card. You should keep healthy so that you will feel good and can live a useful, independent life. And you should study to improve your knowledge and mind, and to make yourself a much better-informed person in order to enjoy more things in life.

News From The Young Rebels

Working very faithfully at all games are Zion Chapel Little Rebels Cheerleaders.

Meet The New Rebels

Introducing to you this week, Becky Flowers, daughter of Mr. and Mrs. Gerald E. Flowers. Becky is a 10th grader, comes from New Hope Jr. High. At New Hope, Becky was a cheerleader. She is a cute blue-eyed blonde and she says that she likes everybody at Z.C. Be generous, Becky, don't spend all your time with that lucky one, give the other guys a break too. When asked what could be improved about Z.C., Becky could find no fault with anything, but likes everything about Zion Chapel. WELCOME, BECKY FLOWERS!!!

Teacher Talk

Our featured senior of the week is Kenneth Ogleby, son of Mr. and Mrs. Kimmie Rushing, of Route 5, Elba. Kenneth is a member of FTA, 4-H and the Z Club. He is a valuable member of the Rebel football team, holding the position of tackle.

Kenneth's favorite pastimes are hunting and fishing, and his pet peeve is people that throw trash all over the school grounds. When asked what he likes about Z.C., Kenneth replied, "The thing that I like most about Z.C. is that the teachers are always willing to help you when the question of this favorite pastime, 'Watching dogs eat.'"

The attitude of the students is what Coach Hudson likes best about Zion Chapel. He sees need for improvement in several other areas though.

After being around Coach Hudson just a little while you are aware that his little daughter, Vanessa, captures the place of honor in his heart and thoughts for she is his main topic of conversation.

We are glad to have Coach Hudson back with us for he always has a cheerful word and encouraging smile for us all. Congratulations to him and Coach Fillingim for their winning leadership of the Z.C. Rebels!

WHAT IF

All the 8th graders scored high on their achievement test... All the fans broke at Z.C.... The teachers' lounge was cool... Terri couldn't buy a Diet Dr. Pepper... Mary Lois typed 60 words a minute... 4th period study hall boys didn't have Lisa to flirt with... Mrs. Bryan and Dorothy found their glasses... The student center stayed clean one day... Mrs. Lee came back to English... Mr. Green got caught up... Mrs. Wilson had a chance to take recess... Johnny didn't have Sheila... Everyone could agree on their rings... We had a 9-1 season in football... Mondays never came.....

Beta Club News

The Zion Chapel Beta Club had its first meeting of the school year, Friday morning, September 14 in the library. The meeting was called to order by Anita Burch, president. A general discussion was held concerning new membership for the coming year. Also discussed were projects for the club. The Beta Club has a new sponsor this year, Mrs. Mary Flowers. She is a cute blue-eyed blonde and she says that she likes everybody at Z.C. The meeting was adjourned until the next called meeting, Nickie Sexton, Reporter.

Because its creation dates back to 1777, the flag of the U.S. is the fifth oldest national flag in the world.

Moments For Meditation

Resentment can be a real problem. It not only makes you unhappy but it can also make you ill. Physicians' tests indicate that resentment is often a pronounced factor in illness. As a doctor said, "He could be a real man if he got hate out of his heart." Develop the habit of looking for people's good points. Everybody has them. Believe in people, love people, treat people well and a deep inner peace and joy will flood our life.
